

First login

This is a step by step guide to help you through your first login.

First this screen will come up and you will need to login.

Enter your Username and Password.

Click on the Login button and you will go on to the next page.

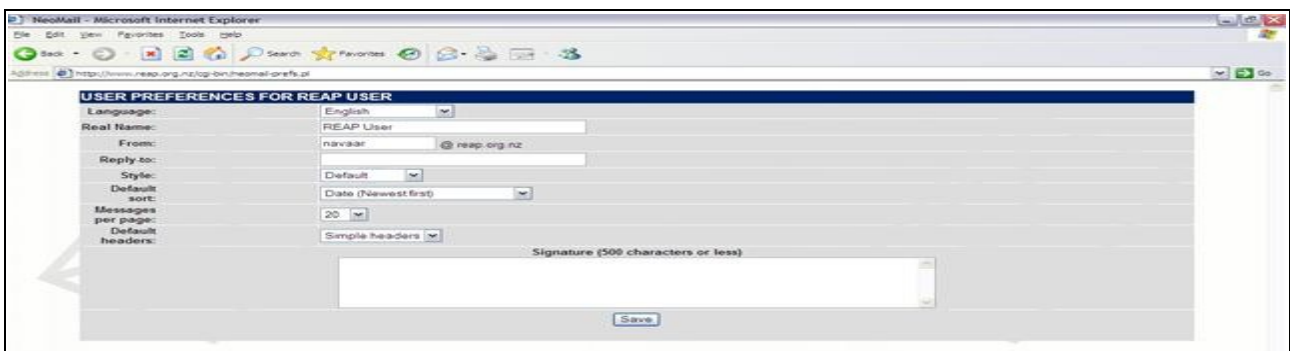

This is the next dialog box that will show up.

Click on continue for the next page.

Next this settings box will appear.

Language: lets you select which language you would prefer to have - English as default

From: leave this setting as is

Reply-to: also leave this setting as is

Style: this lets you pick what you would like your e-mail to look like, we suggest you leave it as the default

Default sort: this lets you pick the way that you would prefer your mail to be sorted, we suggest you leave it as the default setting of 'Date (Newest first)'

Messages per page: this lets you pick how many messages will be stored on one page, we suggest you leave it as the default setting of '20'

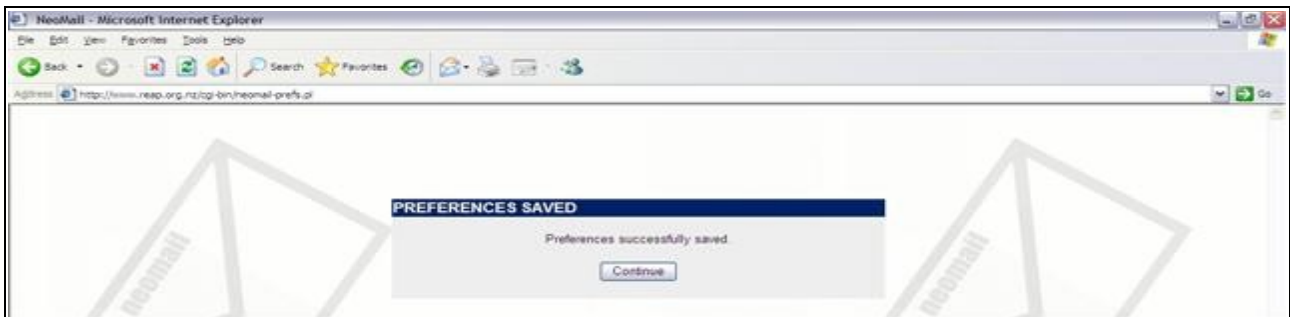

Default headers: this lets you pick either simple headers or all headers, we suggest you leave it as the default of 'simple headers'

Signature: this is where you can type a message that will appear on the end of every e-mail that you send

Click on Save when you have finished for the next page.

Next this dialog box will show up.

Click Continue for the next page.

Next this box will show up.

This is your INBOX. This is where all your mail comes and where you can send and reply to messages.
